

Does the world need another yogurt? If it's made with better milk, then yes.

We're unleashing better milk yogurt to a generation who missed out on what dairy was like before standardization and homogenization made milk look and taste the same. Our "better milk" comes from grass-fed Jersey cows and is A2 certified and Non-GMO Project verified. Original, Strawberry, Maple and Honey flavors.

Call Donna Serio at 908-209-8238 or dserio@naturlich.com to find out more.
